### **Athletic Director's Report – Andy Lambert**

- Process for hiring the new coach.
  - Job was posted last week
  - Already have a healthy number of applicants with significant coaching experience.
  - Started phone screening process this week. Next week will be face to face interviews. Hoping to have a coach identified within the next couple of weeks. May have to extend it a little bit if needed.
  - He is looking for feedback of what parents are looking for. Will also get feedback from student athletes.
  - There are some current teaching positions open that a lot of the coaches qualify for
  - Trying to find a coach that aligns with our current program and philosophy. Things will be a bit different, but the foundation of our program: character, integrity, respectfulness, openness, and focus on teaching skills for success/confidence will not change.
  - Have not solidified everyone that will be involved in the interview process.
  - There will be a head coach by summer camp. If for some reason there is not, there is a plan in place with the assistant coaches to begin camp.
  - Looking for a coach that understands the scope, size, and dynamic of our program.

- J/V program discussion.
  - Started looking at conferences and seeing their model to eliminate sophomore level, and recommended it to the conference. All AD's agreed that JV model would allow more kids to play.
  - JV model is now a conference wide decision.
  - With Mertens, JV level was supposed to be composed of mainly sophomores with a few juniors. Will have those discussions with the new coach to solidify how the levels will function.
  - Will try to give most kids an opportunity to play.
  - First AD meeting is usually a week or two into the fall season. They can't schedule additional games until they get numbers from each level.
  - Want to focus on developing skill, but want to provide opportunities for as many kids to play as possible.

### **Presidents Report – Eric Maskalunas**

- Coach Merten's has stepped down
- Andy and team are in process of finding our replacement. Andy Lambert to talk about process for hiring replacement tonight.
- From a board standpoint it is business as usual. Best thing for us to do from a budget standpoint is to sit and wait for a coach to be put in place.

### **Communications – Lenee Soto**
